

More options, less money! Your best savings on land.

We found a nice family to build for on the last of our lots in Penfield and construction is underway.

We feel we can save you money on your new home by keeping our overhead low, not carrying any more lots in inventory. We have access to some very nice sites through builder and realtor friends and there are great deals right now! Tell us about your "perfect" lot and let us help.

As full service custom home builders. We would welcome an opportunity to build a home on your lot.

We work with outstanding, creative architects and can have preliminary plans and budgets in your hands in short order. With design our priority remains the same, a fine product at a good value and the very highest level of customer service.
